Understanding the Word "Study" in English

The word “study” can function as both a verb and a noun, which broadens its applicability in English sentences. As a verb, it generally means to devote time and attention to learning something, whereas as a noun, it refers to the process or act of learning or an investigation into a particular subject. Common Sentence Structures Using "Study"

When integrating “study” into sentences, learners encounter several common grammatical structures: 1. **Simple Present Tense:** *I study English every day.* This structure expresses habitual actions. 2. **Present Continuous Tense:** *She is studying for her final test.* Indicates an ongoing activity. 3. **Past Tense:** *They studied hard last semester.* Refers to a completed action in the past. 4. **Future Tense:** *We will study the new material tomorrow.* Describes a planned activity. 5. **Passive Voice:** *The effects of the drug are being studied extensively.* Focuses on the action performed on the
